

Human Development Index (HDI) Predictor

Team Involvement in Demonstration

Project: Human Development Index (HDI) Predictor
Phase: Project Demonstration
Developer: Nainaru Thulasi Ram

1. Individual Involvement

Name	Role	Demonstration Focus
Nainaru Thulasi Ram	Sole Developer	End-to-end walkthrough — dataset generation, EDA, preprocessing, model training and evaluation, Flask backend, and frontend templates

2. Approach

As an individually completed project, every stage of the pipeline — from dataset generation through to the deployed Flask web application — was designed, built, and tested end-to-end by Nainaru Thulasi Ram, mirroring the project's full epic structure.
